Dear Parents and Carers,

Our school concert will be professionally recorded and you will be able purchase a DVD of the event at the low cost of $20. There are two ways you can do this:

Fill out the order form attached or download from the school website and include the **EXACT** amount of cash required to pay for your DVD/s. This money is not processed through the school office but will be given straight to the DVD Company. This makes it important to provide the exact amount of money in cash. Again if you would like to, you can pre-order your DVD or just wait till the performance is over. Remember there is no limit on the number of DVD's you can order.

**The deadline for orders is Friday the 16th of September.** Once the school orders have been filled, Videoworks will deliver the DVD’s to school and we will distribute to students. Buying a professionally produced DVD is wonderful keep sake for yourselves and your children to look back in future years! It can also make a fantastic gift for family – Christmas is coming! Any questions please contact the office.

Yours sincerely

The 2016 Concert Committee.
